Oxdale 6ft Mounted Harrows

£695.00

6 FT 13mm thick Heavy duty chain harrows can be used in 3 ways you have the standard way to remove moss and dead thatch & aerating the soil reverse the harrows for more aggressive on old and un managed surfaces,

3 way turn the harrows upside down this is great for harrowing sensitive ground level top soil or breaking down horse manure. Harrows work great on sand arenas..

Use on compact tractors cat 1 or 2 linkage
