Wood Chipper Chipper 6" towable & petrol engine

£1,995.00

For sale 1 x used Honda powered towed wood chipper

As you can see by the pics this woodchipper has done very little work. Its been used to do one job and was traded back in P/X against a tractor with a loader.

Good solid looking machine fitted with 50mm tow hitch wide wheel and lights so very easy to tow

It is in very clean and tidy condition.... Starts first time (electric & pull start) The engine runs lovely, We have tested the chipper and it works well and makes short work of 4" to 5" branch's...
